2026 Holiday Wish Book

THE Elliott COMMUNITY

Your gift becomes part of someone's everyday.

Our 2026 Holiday Wish Book offers meaningful ways to enrich the everyday lives of residents at The Elliott Community. Whether you have a loved one living here or simply want to support older adults in our community, we invite you to explore the wishes and discover how your generosity can bring greater comfort, safety, connection and joy.

Everyday Comforts

E1 - Restock A Coffee Bar for One Week

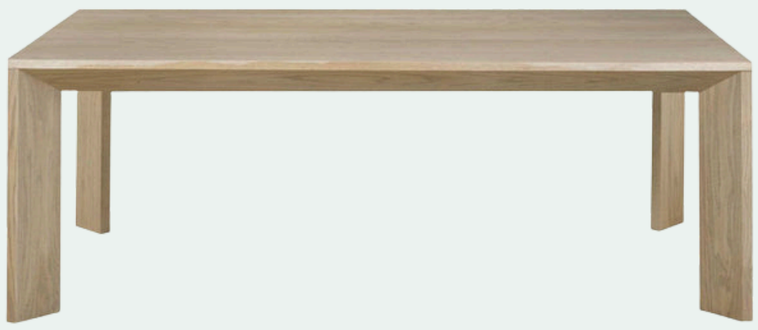
$275 per week

The Elliott Community has four coffee bars offering coffee and snacks in shared spaces throughout our community. Keeping these spaces stocked makes it possible to enjoy a warm drink, a favourite treat or a moment to connect with others. Your gift of $225 will help keep one of our coffee bars stocked for an entire week.

L1 - Restock A Snack Fridge for One Day

$50 per day

Our five snack fridges, located throughout our long-term care home areas, provide residents with convenient access to a variety of foods, including fresh fruits, vegetables, high-protein snacks and favorite treats. These options help residents enjoy the foods they love while accommodating different nutritional needs and preferences. Your gift of $50 will help keep one resident snack fridge stocked for a day.



L2 - Together Around a Harvest Table

$5,000 per table | 5 needed

New solid wood harvest tables will provide inviting spaces where residents can enjoy meals family-style, share conversations and strengthen friendships. These tables will help make everyday dining a more social and enjoyable experience, creating opportunities for connection around every meal.

Give to everyday comforts

The Gift of Music

R1 - Tone Chimes

$1,499 per set | 1 set needed

Our resident bell choirs rehearse every other week and perform two concerts each year. A new set of tone chimes would expand the range of notes available, allowing residents to explore more songs, develop their musical abilities and enjoy the accomplishment of making music together. Your gift will help create more opportunities for residents to participate, perform and share the joy of music with their community.

R2 - Bring Music to Life with Stackable Drums

Our music therapy and recreation programs offer residents opportunities to express themselves, connect with others and experience the simple pleasure of making music. Replacing our current drums with three new sets of stackable drums in different sizes will introduce a greater variety of sounds and rhythms, making group music activities more engaging and accessible to residents of different abilities. These versatile instruments will support creative expression, participation and shared moments of enjoyment.

You can also donate a complete Three-Piece Set | $686 per set - 3 sets needed

Choose a giving opportunity:

- 10" Drum | $193 each - 3 needed
- 12" Drum | $225 each - 3 needed
- 14" Drum | $269 each - 3 needed

Give the gift of music

Freedom & Belonging

Feeling at ease in your surroundings and sharing a little adventure are both part of living well. These wishes celebrate personal identity, inclusion and the simple joy of getting outside.

R3 - SensoryScapes Door Wraps and Surrounds

$700 per doorway | 55 needed

SensoryScapes door wraps and surrounds transform ordinary doorways into personalized entrances with distinctive colours and designs that reflect each resident's individuality. These visual cues add warmth and familiarity while making rooms easier to recognize, particularly for people experiencing cognitive changes. We will begin introducing these enhancements in Nottingham Assisted Living.

E2 - Duet Accessible Bicycle

$17,000 per bike | 2 bikes needed

The joy of a bicycle ride should not be out of reach because of limited mobility. The Duet accessible bicycle will offer people living across all areas of The Elliott Community the opportunity to enjoy the outdoors, even when they cannot cycle independently, while a companion pedals and steers. Your gift will help make it possible to enjoy fresh air, take in the changing seasons and share meaningful moments together.

Support connection and possibility

Moving safely, living with dignity

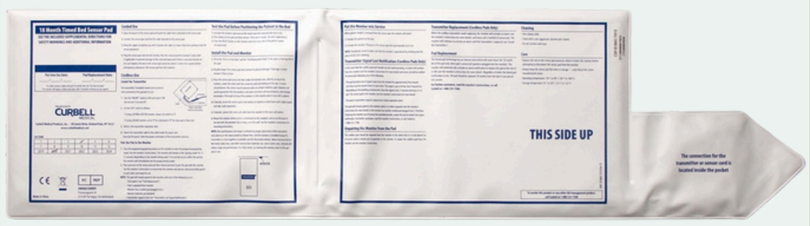
Bed and Chair Safety Monitoring

For people experiencing mobility challenges, poor balance or memory changes, getting out of bed or standing up from a chair can increase the risk of falls. Wireless sensor pads alert care staff when a resident gets up, allowing them to respond promptly and offer assistance. These monitoring systems provide an additional layer of protection, helping people move about their day with greater safety and peace of mind.

L3 - Wireless Monitoring Unit

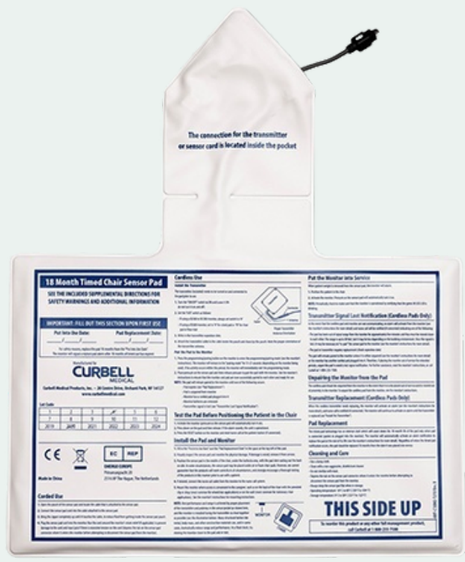
$285 each | 5 needed

L4 - Bed Sensor Pad (Timed, Cordless)



$175 each | 15 needed

L5 - Chair Sensor Pad (Timed, Cordless)



$170 each | 10 needed

L6 - Transfer Slings

$500 per sling | 69 needed

For residents who need assistance moving between a bed, chair or wheelchair, safe transfers are an essential part of daily care. Transfer slings work with mechanical lifting equipment to provide secure, comfortable support while care staff assist residents with movement. Your gift will help make these everyday transfers safer and more comfortable, preserving residents' dignity while reducing the risk of injury to both residents and caregivers.

Help make movement safer

Comfort and compassionate care

As residents' health and mobility needs change, having the right equipment close at hand makes a meaningful difference. These essential tools help our care teams provide timely, attentive and compassionate support while preserving residents' comfort, safety and dignity.

R4 - Adjustable Hospital Beds

$3,226 per bed | 2 needed

Adjustable hospital beds allow residents to change positions for greater comfort when resting, eating or receiving care. They also help caregivers safely assist with movement, repositioning and personal care. Your gift will help ensure residents receive the comfort, dignity and support they deserve when they need it most.

R4 - Adjustable Hospital Beds

$3,226 per bed | 2 needed

Adjustable hospital beds allow residents to change positions for greater comfort when resting, eating or receiving care. They also help caregivers safely assist with movement, repositioning and personal care. Your gift will help ensure residents receive the comfort, dignity and support they deserve when they need it most.

R6 - Portable Mechanical Lift

$20,000 per lift | 1 needed

For residents with limited mobility, everyday movements such as getting out of bed, moving into a wheelchair or preparing for personal care can require additional support. A portable mechanical lift helps care staff provide this assistance safely, gently and with dignity, making daily care more comfortable and reducing the physical strain on both residents and staff. Your gift will help ensure residents receive the support they need while preserving their comfort, safety and dignity.

Support compassionate care

Give in a Way That Works for You

A gift of any amount is welcome, whether you choose to support a specific Wish Book item or contribute towards our greatest priorities. You can make a monetary donation or give a gift of publicly traded securities. Monetary donations can be made online, via EFT or by cheque, with options for both one-time and monthly giving.

Official charitable tax receipts are issued for eligible donations of $20 or more.

To explore your giving options, visit our Ways to Give page.
